MAP AND TERRAIN

Map 6/2024 mapped by Jussi Silvennoinen. Scale for middle distance for H/D10-45 1:10 000 and for H/D50-80 1:7 500. Map size for saturday A4, for children A5 and for sunday relay A3.

Control descriptions are available both loose (with their own mounting hardware) for M21E and W21E and on the maps.

Competitors may keep their own map after their performance. In accordance with the rules of the sport and in the spirit of fair play, competitors are not allowed to show the race map and course to competitors who have not yet started and coaches/guardians are not allowed to pass on information to competitors who have not yet started.

Prohibited areas are marked on the race map. Some of the edges of the forbidden areas are marked on the course with a ribbon. There are also forbidden areas in the terrain which are not marked on the map due to their small size. These areas are marked on the terrain with a ribbon.

PUNCHING SYSTEM

Emit punching will be used for the race. For competitors whose Emit number was not indicated in their registration via Irma or Eventor, the organisers have reserved a rental Emit which can be claimed at the information desk (price 5e/day/each). Any changes to the Emit number must be made at the info desk before departure, change fee 5e/each.

RACE NUMBERS

Number patches available near the info for M21E and W21E. Bring your own safety pins!
